

Press release

Opening ceremony of the Emergency Management Center of the Emergency Management Agency of Dornod aimag, the center of the Eastern region.

World Vision Mongolia is implementing the “Disaster Resilient Communities Project” funded by the United States Agency for International Development (USAID) for the purpose of strengthening the capacity of the Dornod Emergency Management and Emergency Management Information Center in the Eastern Region. Within the framework, the project donated operating equipment, radio communication equipment valued at 50.4 million MNT, furthermore “E-CONFERENCE HALL” were established and inaugurated.

The following parties participated in the opening ceremony of the “E-CONFERENCE HALL” of the Emergency Management Information Center of the Emergency Management Agency of Dornod aimag, the center of the Eastern region.

- Ganbat Ch., Deputy Governor of Dornod aimag
- Bolortsetseg B., National Director of World Vision Mongolia
- Narmandakh G., Head of the National Center of Dornod aimag, Colonel
- Bolatbek D. Grant Fund and Implementation Manager of World Vision Mongolia

During the opening ceremony, Eastern region Emergency Management Agency, fire brigades of Sukhbaatar and Khentii aimag participated via online meeting to introduce and exchange information regarding the current situation in the region. Consequently, it will be possible to organize e-conferences and trainings in the future.

Bolortsetseg B., National Director of World Vision Mongolia, and Bolatbek D., Grant Fund and Implementation Manager of World Vision Mongolia, visited Dornod aimag, furthermore held a partnership meeting with Governor M.Badamsuren.
